RIMA Announces Platinum Level Members for 2007

The Reflective Insulation Manufacturers Association (RIMA) added the **Platinum** level membership category in 2005. The **Platinum** label is given to a company that is committed to the highest standards of ethics and professionalism and strives to actively contribute to the success and growth of the reflective insulation and radiant barrier industries. Because of the dedication and generosity of these companies, RIMA is able to conduct more research and produce additional educational opportunities on behalf of the industry; therefore, these companies are worthy of this special **Platinum** designation.

Platinum Members are prominently featured on the RIMA website at www.rima.net in our "Members" section under "Active" and are identified by this special logo:
