## NEW Technical Bulletin Available

In our ongoing efforts to provide reliable and helpful information on the reflective insulation, radiant barrier and interior radiation control coatings (IRCCs) industries, the Reflective Insulation Manufacturers Association International has just released their latest Technical Bulletin (#112) entitled "***A Review of Interior Radiation Control Coating Research***". Please see the attached PDF of the document.

You can find all of our technical bulletins, some of which have been translated into French and Spanish, on our website at [www.rimainternational.org](http://www.rimainternational.org). There you will also find the latest version of our handbook "*Understanding and Using Reflective Insulation, Radiant Barriers and Interior Radiation Control Coatings*" as well as a list of our Verified Member Products, information on the association, our officers and member lists and upcoming association events and activities.

RIMA International is a non-profit trade association focused on educating on behalf of the reflective products industries. If you are looking for a reliable resource of information or need assistance, you can find all of our published materials on the website or you can contact the association office at the phone number and/or e-mail address noted below.

*The Reflective Insulation Manufacturer's Association International is a non-profit association comprised of dedicated individuals working together to propagate the research, knowledge and use of reflective insulation, radiant barriers and interior radiation control coatings. For additional information, please contact Executive Director Mary Edmondson at 800/279-4123.*
